

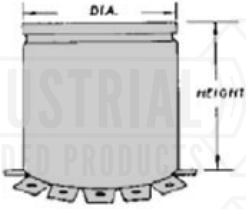

**FIG. 900  
NAILING SLEEVE**

Manufactured  
in the USA

**Material:** Galvanized steel, also available in 304 and 316 stainless steel.  
**Finish:** Galvanized.  
**Service:** When attached to roof decking, sleeve provides a channel for piping, eliminating the need to core drill. Optional tabs facilitate fastening to deck. Optional covers seal out wet cement during pour and safely cover sleeve until pipe installation.  
**Ordering:** Specify diameter, height, and figure number, with or without tabs. Covers must be ordered separately.
