

FIG. HB-MEGA-BASEPB

Dimensions: 12" Long x 12" Wide x 4" High

Material: Rubber bases are 100% Recycled material (UV Resistant), Corners coated with Orange ANSI Z535.1 paint.

Ordering: Specify figure number and model number.

Application:

Mega Rooftop Bases are suitable for installation on most types of roofing materials or other flat surfaces and can also be used as a curb (sleeper) replacement to support natural gas and refrigeration piping systems, light to heavy pipe hanger support systems, adjustable and fixed duct support systems and many other applications.

Ultimate Load Capacity:

7,500 lbs, (uniform load) For roof loading, consult roof manufacturer or engineer. As with most commercial roofs, the weakest point may be the insulation board beneath the rubber membrane.

MODEL NO.	HEIGHT	WIDTH	BASE LENGTH	UNIFORM LOAD CAPACITY	WEIGHT	SAFETY FACTOR	SQUARE INCHES
